Sharjah Private Education Authority: Digital Toolkit

The following is a digital toolkit containing direct links, and a brief overview of 60 educational platforms, applications and websites.

It was collated simply to support schools in these transitional times, that is, moving to a virtual educational teaching and learning environment.

As we are in slightly reactionary times, the toolkit is by no means perfect!

- The links are live.
- The dots are simply 'quick reference' guides and by no means 100% comprehensive
- Some of the sites are free, some have free trials, and some require payment

Schools have complete flexibility to identify and implement their own learning management systems (LMS) and various supporting online educational resources. Recent data surveys carried out by SPEA indicate the most popular LMS's in schools appear to be:

- Class Dojo
- Google Classrooms
- Edmodo
- Microsoft Teams

(though many schools are using combinations of these platforms, in addition to multiple online resources that support specific curriculum areas e.g. Reading A-Z, Mqroa, TT-Rockstars, Mathletics, Madrasa, Khan Academy, Quizzes, etc)

Schools are encouraged to collate, update and **document** their own online resources and systems they are applying to each grade/phase cohort.

هيئة الشارقة للتعليم الخاص : أمثلة لمصادر و منصات رقمية تعليمية

فيما يلي مصادر رقمية تحتوي على روابط مباشرة، ونظرة عامة موجزة على 60 منصة وتطبيقات ومواقع تعليمية، تم جمعها ببساطة لدعم المدارس للانتقال إلى نظام التعليم عن بعد، علما أن هذه المصادر هي أمثلة فقط.

تهيب هيئة الشارقة للتعليم الخاص جميع المدارس الخاصة على أن تبني مكتباتها الرقمية الخاصة بها وللمدارس الحرية في اختيار وتطبيق أنظمة إدارة التعلم الخاصة بها وما تراه مناسبا من المصادر التعليمية المتوفرة عبر الإنترنت.

إلا أن استطلاع جمع البيانات الأخير الذي أجرتها الهيئة يشير إلى أن المنصات الأكثر شيوعًا في المدارس هي: • Class Dojo • Microsoft Teams • Edmodo • Google Classrooms وأن العديد من المدارس تستخدم مجموعة من هذه المنصات، بالإضافة إلى العديد من المصادر عبر الإنترنت التي تدعم مجالات معينة في المناهج. مثلا: Reading A-Z, Mqroa, TT-Rockstars, Mathletics, Madrasa, Khan Academy, Quizzes, etc)

1. الروابط مباشرة

2. تعني النقاط أن المصادر هي "مراجع مساندة" وليست شاملة 100٪ بأي حال من الأحوال.

3. بعض المواقع مجانية وبعضها يحتوي على تجارب مجانية وبعضها يتطلب تكلفة مالية.

Digital Toolkit: to Guide Educators

Platform, Website, App	Key Information	Curriculum Area(s)					Other
	The following pages include quality educational applications and websites to assist educators to support teaching and learning at both school and home	*English Literacy*	*Maths Numeracy*	*Sciences*	*Arabic*	*Other*	*Learning platform Communication platform Data Platform, etc.*
Achieve3000	Our solutions enable literacy instruction that empowers educators to bring their students equity, acceleration, flexibility, results, and depth. Accelerate learning with flexible solutions that create equity and depth in the classroom and deliver proven results. With game-based foundational literacy learning, proven-effective differentiated literacy instruction, and a curriculum platform designed to deepen thinking, we help unlock every student's potential.	●		●		●	●
Adobe Connect	Go Beyond Web Conferencing. Create exceptional digital training, webinar and collaboration experiences. Why Adobe Connect? The most flexible, secure, extensible and feature-rich web conferencing product on the market. Customizable - Design your own immersive experiences with custom pods, images & layouts to personalize and brand your virtual room. Engaging - Drive and measure audience engagement unlike any other tool. Add interactivity to your sessions with multiple chat pods, polls, quizzes, simulations, breakout rooms, games and more. Powerful - Leverage Backstage & Prepare Mode to allow presenters and hosts to collaborate behind the scene during live session. Leverage limitless functionality and extensibility with custom apps. Persistent - Create your virtual room once with the right layouts, pods and content and use it forever.						●
Amazon Chime	Amazon Chime is a high-quality communications service that transforms online meetings with an easy-to-use app which works seamlessly across all your devices. With Amazon Chime, you can schedule and attend online meetings and video conferences, and chat, call, and collaborate, inside and outside your organization, all with a single app. Teachers can use it to give interactive sessions to students in 1-1 or 1-many fashion.						●
Amazon Worddocs	Amazon WorkDocs is a fully managed, secure enterprise storage and sharing service with strong administrative controls and feedback capabilities that improve user productivity. Users can comment on files, send them to others for feedback, and upload new versions without having to resort to emailing multiple versions of their files as attachments. Teachers can use this platform to publish and distribute homework and other related content and students can upload their completed homework.						●
Amazon Workspaces	Amazon WorkSpaces is a managed, secure cloud desktop service. You can use Amazon WorkSpaces to provision either Windows or Linux desktops in just a few minutes and quickly scale to provide thousands of desktops to workers across the globe. With Amazon WorkSpaces, your users get a fast, responsive desktop of their choice that they can access anywhere, anytime, from any supported device. Ideal service to setup a lab for students.						●
Amazon Lex	Amazon Lex is a service for building conversational interfaces using voice and text. Powered by the same conversational engine as Alexa, Amazon Lex provides high quality speech recognition and language understanding capabilities, enabling addition of sophisticated, natural language 'chatbots' to new and existing applications. Amazon Lex reduces multi-platform						●

	development effort, allowing you to easily publish your speech or text chatbots to mobile devices and multiple chat services, like Facebook Messenger, Slack, Kik, or Twilio SMS. An AI based chat bot to answer any relevant question about courses/studies or COVD-19 related information.						

Platform, Website, App	Key Information	Curriculum Area(s)					Other
		English Literacy	Maths Numeracy	Sciences	Arabic	Other	*Learning platform Communication platform Data Platform, etc.*
AWS Media Services	AWS Media Services are a family of cloud services that allow organizations of all kinds, including media and entertainment companies, enterprises, and government agencies, to create reliable, broadcast-grade video workflows. Deployed as individual components or as building blocks for end-to-end video workflows, these services help video providers increase innovation and market responsiveness, maximize audience reach and engagement, and reduce total cost of ownership. Useful for delivering a pre-recorded video course to students any time.						●
Blendspace	Create lessons in 5 minutes. Interactive lessons, projects, presentations and more. Save time by collecting all digital content in one place. Achieve learning goals with fun, interactive lessons. Monitor student understanding with quizzes and discussions					●	●
Bravo Bravo	Zero Gravity Learning. A fun application for learners and a comprehensive assessment tool for teachers and parents. BravoBravo is an educational solution that is designed to engage schools, teachers, and parents to optimize the student learning experience by encouraging practice and streamlining assessment. Learning takes place in an effortless (zero gravity) environment. BravoBravo offers Arabic for primary school students. Learners: The BravoBravo application helps learners practice different skills while having fun. It nurtures learners' curiosity, appeals to their imagination and keeps them engaged with gaming elements that include incremental progression, rewards and upgrades. Parents: BravoBravo facilitates parents' involvement in their children's education, allowing them to oversee their progress and contribute to their children's academic and future success. Teachers: BravoBravo can be woven seamlessly into teaching plans and curricula as it gives teachers a bird's-eye view of a classroom's performance and provides in-depth reports about individual learners. BravoBravo liberates teachers' time and redirects their instruction efforts away from writing assignments and developing and marking worksheets. Instead, automated assessments allow teachers to pinpoint and nourish learners' areas of strength and address their weaknesses. School: BravoBravo incorporates engaging technology in education and introduces powerful reporting tools to help administrators analyze and assess teacher and classroom performance. Group of Schools: BravoBravo platform allows leaders of groups of schools to oversee performance across various schools, administrators, teachers and students.					●	●
Century	Supercharge your teaching. CENTURY is the tried and tested intelligent intervention tool that combines learning science, AI and neuroscience. Identifies gaps Addresses misconceptions. Supports teacher interventions			●			●
Class Dojo	ClassDojo connects teachers with students and parents to build amazing classroom communities. Create a positive culture. Teachers can encourage students for any skill or value — whether it's working hard, being kind, helping others or something else. Give students a voice. Students can showcase and share their learning by adding photos and videos to						●

their own portfolios. Share moments with parents. Get parents engaged by sharing photos and videos of wonderful classroom moments

		English Literacy	*Maths Numeracy*	*Sciences*	*Arabic*	*Other*	*Learning platform Communication platform Data Platform, etc*
Doodle	Accessible via computer, tablet or mobile devices, Doddle is an online learning platform which enables teachers to assign work to classes or individual students, track completion and set quizzes & tasks to measure how much knowledge students have retained. Doddle has over 23,000 interactive resources across 18 subjects & teachers can also add their own resources to this library. Supports KS3, KS4 and KS5 courses. Mapped to GCSE and IGCSE courses from Cambridge, Pearson & AQA						●
Edmodo	The Edmodo app facilitates practitioner relationships, collaboration, and develops educational capacity by enabling the sharing of content, assessments and tasks whilst managing communication. It strives to 'connect all learners with the people and resources needed to reach their full potential'. Practitioners invite students and parents to join, after which, access to the platform is granted thus teaching and learning can commence.						
Education City	Personalize learning for every student by linking assessment data with engaging curriculum content to support your students' growth. Ages 3-11. UK Curricula. International Curricula. Education City helps teachers deliver targeted instruction to individual students, groups or whole classes by providing high-quality, evidence-based assessments in the core subjects as well as over 8,000 cross-curricular resources to support teaching and learning. Take a look at this video to see what other teachers are saying about Education City.	●	●	●		●	●
Eduten	#1 Digital Learning Platform. From Finland. Combining Finnish educational excellence with gamification and AI. Proven Impact on Learning Results Up to 20% improvement to grades proven by 12 years of university research. The Best Learning Analytics In The World. AI based learning analytics provide unparalleled visibility to individual learning processes. Maximised Teacher Efficiency. Automates and adapts to teachers' existing workflows. Easy to customise for any curriculum.						●
Education Perfect	Education Perfect support for COVID-19. A progressive teaching and learning toolkit for the modern classroom. EP for Home: Provides you and your child with a wealth of curriculum-aligned content, as well as a dynamic set of learning tools. "As we finish our 4th week of online learning (thank you COVID-19) all I can say is EP has been a lifesaver... I can monitor students, comment on their progress and reassign tasks based upon their understanding. Brilliant." As the COVID-19 virus continues to disrupt students and schools, Education Perfect (EP) and their online education platform is supporting both students and teachers from their homes in a timely manner. As a leading global education software provider, EP's online learning tool is already helping support over 100 schools in China, Korea, SE Asia and Middle East affected by the COVID-19 virus. Seeing a dramatic increase in support calls from impacted schools using the platform across the globe, EP launched a taskforce to help aid schools in need. EP is also looking at ways to assist schools currently not using the platform during this uncertain time.	●	●	●		●	●

Teacherly allows you to track each individual student's progress. Allowing you to gain insight into your student achievements or offer extra help where needed. Students earn micro credits, bridging the gap between learning and workplace. PERSONAL & PROFESSIONAL DEVELOPMENT The teacher digital passport gives complete transparency and the ability to track PD, tagging curriculum + skills to lessons to measurable outcomes. Better engagement with the teaching workforce and better insights on teacher performance for HR departments. Teachers get access to 10-minute videos and podcasts, flipping the PD model to PD that is consumed every day and accessible.						●

TT Rockstars	Award Winner (BETTS, 2020) In either paper form or online, Times Tables Rock Stars is a carefully sequenced programme of daily times tables practice. Each week concentrates on a different times table, with a recommended consolidation week for rehearsing the tables that have recently been practised every third week or so. This format has very successfully boosted times tables recall speed for hundreds of thousands of pupils over the last 8 years in over 14,000 schools - both primary and secondary - worldwide.		●				●
Voki (Avatars)	Voki is a fun tool that students can use for homework, classwork or projects. Customize their appearance and what they say, and share with others! A presentation tool for both teachers and students. Lessons, homework and projects have never been more engaging and fun. Easily share among teachers, students and parents. A classroom management tool allowing teachers to manage and monitor students and their classwork.Spur conversation, debate and engagement in your students that mirrors the online social experience with a focus on learning.	●	●	●	●		●
